

HUNTER BOOKWORKS

Small-Space Garden Printable Toolkit

Reusable planning sheets for a fresh space, season, or revision.

PRINT AT HOME | GRAYSCALE FRIENDLY

Version 1.0 | September 2026

Space survey

Record only usable growing space. Mark access areas and obstacles before placing containers or crops.

Space type	Length	Width / diameter	Date measured

Sunlight observation log

Use several checks on a representative day. Repeat when seasonal conditions change materially.

Date	Time	Location	Direct sun?	Shade source	Notes

Crop shortlist

Begin with foods you use. Keep facts provisional until the exact variety is verified.

Crop / variety	Why grow it?	Space fit	Light fit	Care fit	Decision

Crop source card

Create one card per finalist. Write the exact source rather than “internet.”

Exact crop / variety	Seed packet, label, Extension, or publication

Fact needed	Verified value	Source / page	Date checked

Layout and legend

Choose a scale. Label north, access, water, obstacles, containers, supports, and every crop.

Scale: one square = _____ Date / version: _____

Symbol / color	Meaning	Verified size / spacing

Purchase gate

Buy only what has an assigned place or task.

Item	Purpose / location	Essential?	Target	Actual	Bought?

Maximum first-round budget: \$_____

Weekly observation and action

Describe what changed, make one decision, and name the next check.

Date	Observation	Decision / action	Result to check

One next action

Season value review

Evaluate whether each crop earned its limited space.

Crop	Value received	Time / cost friction	Keep / change / remove

One system change for next time
